

Limited Lifetime Warranty

Coverage, exclusions, motorization terms and the five-step claim process.

FOR OWNERS AND FACILITIES

POLICY

Limited lifetime warranty

Every Veneta product is covered for as long as the original purchaser owns it. Here is exactly what that means, what it does not cover, and how to make a claim without being sent in a circle.

What is covered

Defects in materials and workmanship, for the life of the product, for the original purchaser at the original installation address.

- Operating systems: cordless lift mechanisms, tilt mechanisms, wands and traverse tracks.
- Components: brackets, headrails, bottom bars, valance clips, vane and louvre carriers.
- Fabric and finish faults present at manufacture, including delamination and misaligned printing.
- Motorization components for five years from purchase, including motors, battery packs and hubs.

What is not covered

- Measuring errors. If the product was made to the size you supplied, it is not a defect.
- Normal wear, fading and discolouration from sun exposure over time.
- Damage from misuse, accident, pets, cleaning with unapproved products, or steam.
- Products modified, cut down or re-drilled after delivery.
- Labour to remove or reinstall, and shipping costs on non-defect returns.
- Products bought second hand or moved to a different address by a new owner.

How to make a claim

- 1 Find your Home Depot order number. It is on the confirmation email and the packing slip.
- 2 Take two photographs: one of the whole window, one close up on the fault.
- 3 Call 1-855-558-1222 or send the details through the contact form.
- 4 We assess the claim, usually within one business day, and either ship a part or remake the product.
- 5 If a remake is needed, we tell you the lead time up front rather than after you ask.

NO TRIP TO THE STORE

You do not need to go back to the store first. Warranty claims are handled directly by Veneta, whether you bought online or in a Home Depot store.

Motorization specifics

Motors, rechargeable battery packs and the ShadeAuto™ Hub carry a five-year warranty from date of purchase rather than lifetime coverage, because they contain consumable electronics. Batteries that no longer hold a useful charge within that period are replaced.

Consumer rights

This warranty gives you specific legal rights. You may also have other rights that vary by state, and nothing here limits any right you have under applicable consumer law.

Registering a product

Registration is not required for coverage. It only saves you finding the order number later, so it is worth two minutes.

Claim checklist

- Home Depot order number
- Photo of the full window
- Photo of the fault
- Product line and size
- Installation date if known

ROUTE	DETAIL
Phone	1-855-558-1222 · Mon–Fri, 8am–6pm CT
Online	venetawindowfashions.com/contact
Assessment	Usually within one business day
Outcome	Replacement part shipped, or the product remade to the original dimensions
